

North Carolina Extension Association of Family & Consumer Sciences

The Professional Association for North Carolina Cooperative Extension

Family & Consumer Sciences Educators

2019 Budget Plan of Work

Objectives:

1. To continually strive for total membership in the North Carolina Extension Association of Family and Consumer Sciences. Active membership is any NCCE employee holding a professional appointment and who works in any capacity with Family and Consumer Sciences programming in a county, area and/or state position. The annual dues for active membership in the NCEAFCS shall be \$157.00. This amount includes \$100.00 for national dues and \$57.00 for state dues (includes \$1.00 for the ECA Educational Scholarship Fund and \$1.00 for the Horn of Plenty – if requested). District dues are set by each district association and are collected at the same time as State and National dues, but remain in the district.
2. To have a balanced budget between the Association's yearly income and yearly expenses. State Officers and State Committee chairs submit budget requests to the budget committee prior to the Annual meeting. A yearly budget will be prepared and presented for approval at the Annual meeting of the Association. All members presenting bills must itemize and present receipts to the state treasurer for payment before November 30 or within 2 weeks after the state meeting. No bills will be accepted after this date unless the expense is incurred after this date. The State Association's Tax Identification number is recorded with the State Treasurer and is for state Association use only.
3. To efficiently manage the Association's financial accounts. Accounts currently held at the PNC include: Checking, and Money Market. The Association's investment accounts held with the Family and Consumer Science Foundation are the Annual Conference Endowment Fund and Annual Income Account.
4. To complete IRS forms each year for the organization.
5. To effectively handle financial transactions of state-wide purchases (ie. aprons imprinted with Extension logo, cookbooks, etc) that strengthens and promotes the Family & Consumer Science professional image. Each district association treasury will handle orders from individuals in their district and forward the order and funds to the state treasurer.
