

National Extension Association of Family & Consumer Sciences

Affiliate Toolkit

Updated November 2022

**National Extension Association
of Family & Consumer Sciences**

Dear Affiliate Leader:

The Affiliates are an integral partner with NEAFCS. The goals, activities, and successes of each Affiliate are critical to the overall achievement of NEAFCS' goals and objectives. As an Affiliate leader, you are a valuable participant in the journey toward the realization of our mission and core purpose.

The purpose of the Affiliate Officer Toolkit is to provide guidance regarding overall leadership and structure to state and/or territory affiliates. We realize that an affiliate's membership numbers can dictate what their leadership composition looks like. This toolkit is intended to help provide an overview of officer positions and their duties. Affiliates may modify these to fit their needs but officer titles should remain consistent with those at the national level.

We encourage affiliate presidents and their boards to work with their Regional Director as their first point of contact, then with other National Officers on specific matters, and the National Office for administrative or membership questions. This chain of command, so to speak, is intended as a rule of thumb.

As affiliate leaders, we hope that you will take some time to review and discuss this document and use it as a resource that will enable you to fully engage yourself in meeting the needs of your membership. The toolkit is designed to be a living document. As an Affiliate, we hope you will contribute information to improve the Toolkit for future leaders.

Thanks for taking on a leadership role at the state level and for being an NEAFCS member!

Sincerely,

Danielle Jessup
NEAFCS Executive Director
